

Appl. No.: 10/654,991  
Preliminary Amendment dated: June 17, 2004

**Amendments to the Specification:**

Please delete the original title on page 1 of the specification and replace it with the following title:

--Method of Preventing Inner Crown of Removable Restoration Tooth  
from Becoming Disengaged with Natural or Artificial Abutment Tooth  
and the Structure of the Inner Crown--

Appl. No.: 10/654,991  
Preliminary Amendment dated: June 17, 2004

**Amendments to the Drawings:**

Please replace original Figs. 1-14B as marked up on the page marked "Annotated Marked Up Drawing Pages" with the corrected formal drawings for all Figs. 1-26 including the replacement sheets of Figs. 1-14B attached at the end of this paper.
